### Project Supplies:

## Santa Hat Chair Covers

**Let's make a BIG Santa Hat!**

Cut the red fabric: 42" wide x 22" tall

Cut the white fabric 42" wide x 5" tall

Fold the red fabric so it is 21" wide x 22" tall

Find the Center of the top edge and mark (10 1/2" is the center mark)

Measure down 8" on each side and mark

Line up the ruler from the center top mark to the 8" mark and cut off the corner

Repeat for the other side

Attach the white fabric to the bottom straight edge of the hat using a 3/8" seam allowance, and a straight stitch.

Finish the edge with a zig zag stitch.

Stitch the one side seam (the other side is a fold) and the two top seams using the same method.

Turn Right Side Out and hand stitch the pom pom to the tip of the hat.

Please refer to the video to see exactly how to implement this process.
