Project Supplies:

Main Fabric: 27" tall by width of fabric (WOF)

Cuff Fabric: 9" tall by WOF

Accent Fabric: 3" tall by WOF

Margaret Moorehead Presents...

Pretty Pillowcases

NOTE: These directions are to be used in conjunction with the videos.

Instructions:

Cut your fabric as listed on the supply list.

Layer all 3 fabrics together and cut them so they are all the same width.

We cut our fabric the “width of the fabric”, but not all fabrics are the same width so we need to now cut them all to the same width.

Press the accent band (the 3” wide piece) in half lengthwise

Layer your fabric as follows, lining up the bottom long edge as you see in the picture below.

Main Fabric-Right Side Up

Accent Fabric

Cuff Fabric-Right side touching main fabric

Line up all the raw edges and pin together.

Stitch using about a 3/8” seam allowance.

Iron along seam allowance.

Pretty Pillowcases

Spread your pillow case out so it is flat, the main fabric is Right Side Up, and the cuff side is away from you.

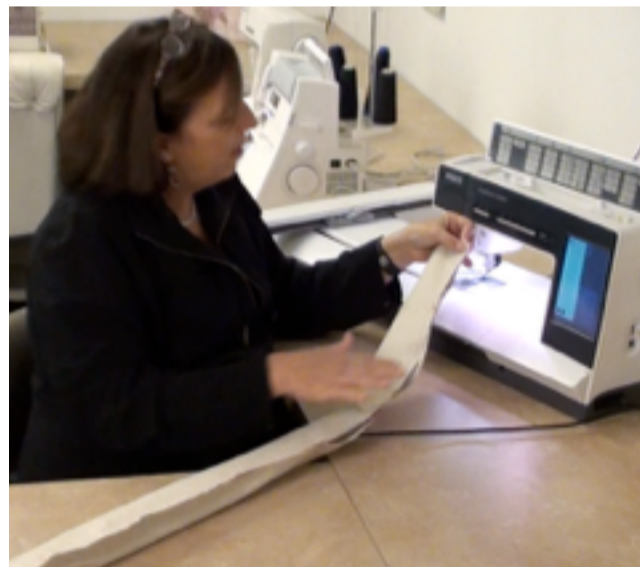

Roll the main fabric down towards the cuff.

Fold the cuff around the main fabric until the raw edge of the cuff is even with the raw edges of the seam you just stitched, and the roll of fabric is enclosed in the cuff fabric.

Once the raw edges are lined up, pin and then stitch the seam again, making sure you do not catch any of the rolled up fabric as you stitch.

Pull the fabric out of the tube and iron.

You now have a beautiful finished cuff with an accent, that is beautifully finished on the front and the back.

French Seams

Side seam:

Fold in half **WRONG SIDES** together, making sure the bottom of the pillowcase, the cuff and the accent piece all line up nicely.

Pin and then stitch with a narrow seam allowance.

Press.

Turn **RIGHT SIDES** together and stitch with a wider stitch allowance.

You want to be sure the the first seam allowance will be totally enclosed in this second seam you stitch.

Repeat for the top seam .

Press

ENJOY
