

## Choosing the right size Chloe Wristlet Case to fit your phone

Please note: The Chloe Wristlet Phone Cases are not meant to protect your phone from damage due to drops and other accidents, so we always recommend using a form-fitting protective case as well.

1. Find your phone in the first column below. If your phone is not listed, measure the length and width of your phone and compare it to the dimensions listed in the second column, using the closest measurement.
2. In the third column, you'll find the recommended size Chloe Wristlet Case to fit your phone. We have added extra room in the Chloe Wristlet Case to allow for any protective case you may be using. Because of this, your Chloe Wristlet Case might be a bit roomy - use that extra space to stash other necessities with your phone!

NOTE: To be sure your phone will fit to your liking, we recommend stitching a tester case using muslin or scrap fabrics. Be sure to use batting in your tester case since it does make a difference in the fit.

| Phone:                      | Dimensions:   | Fits this Chloe Wristlet Case: |
|-----------------------------|---------------|--------------------------------|
| iPod Touch 5                | 4.86" x 2.31" | Small                          |
