Design Suggestions:

1. Since this design has small narrow lettering, I would suggest matching your bobbin thread to the color you are using on the top.
2. Use this design, to turn the designs listed below, into a Gift Tag.
3. Stitch this design on 2 layered pieces of cut away stabilizer*, un-hoop and put aside. Stitch one of the designs below. Align Gift Tag design under the hoop, right side down, right before the last color change (which is a satin stitch). Also, change your bobbin thread to match your top thread for the last color change, since the satin stitch will be seen on the back.

* 2 layers of cut away stabilizer is needed for the Gift Tag design so that the wrong side of the ornament will not show through the Gift Tag design,once it is applied.
