Marking Your Fabric

Marking your fabric

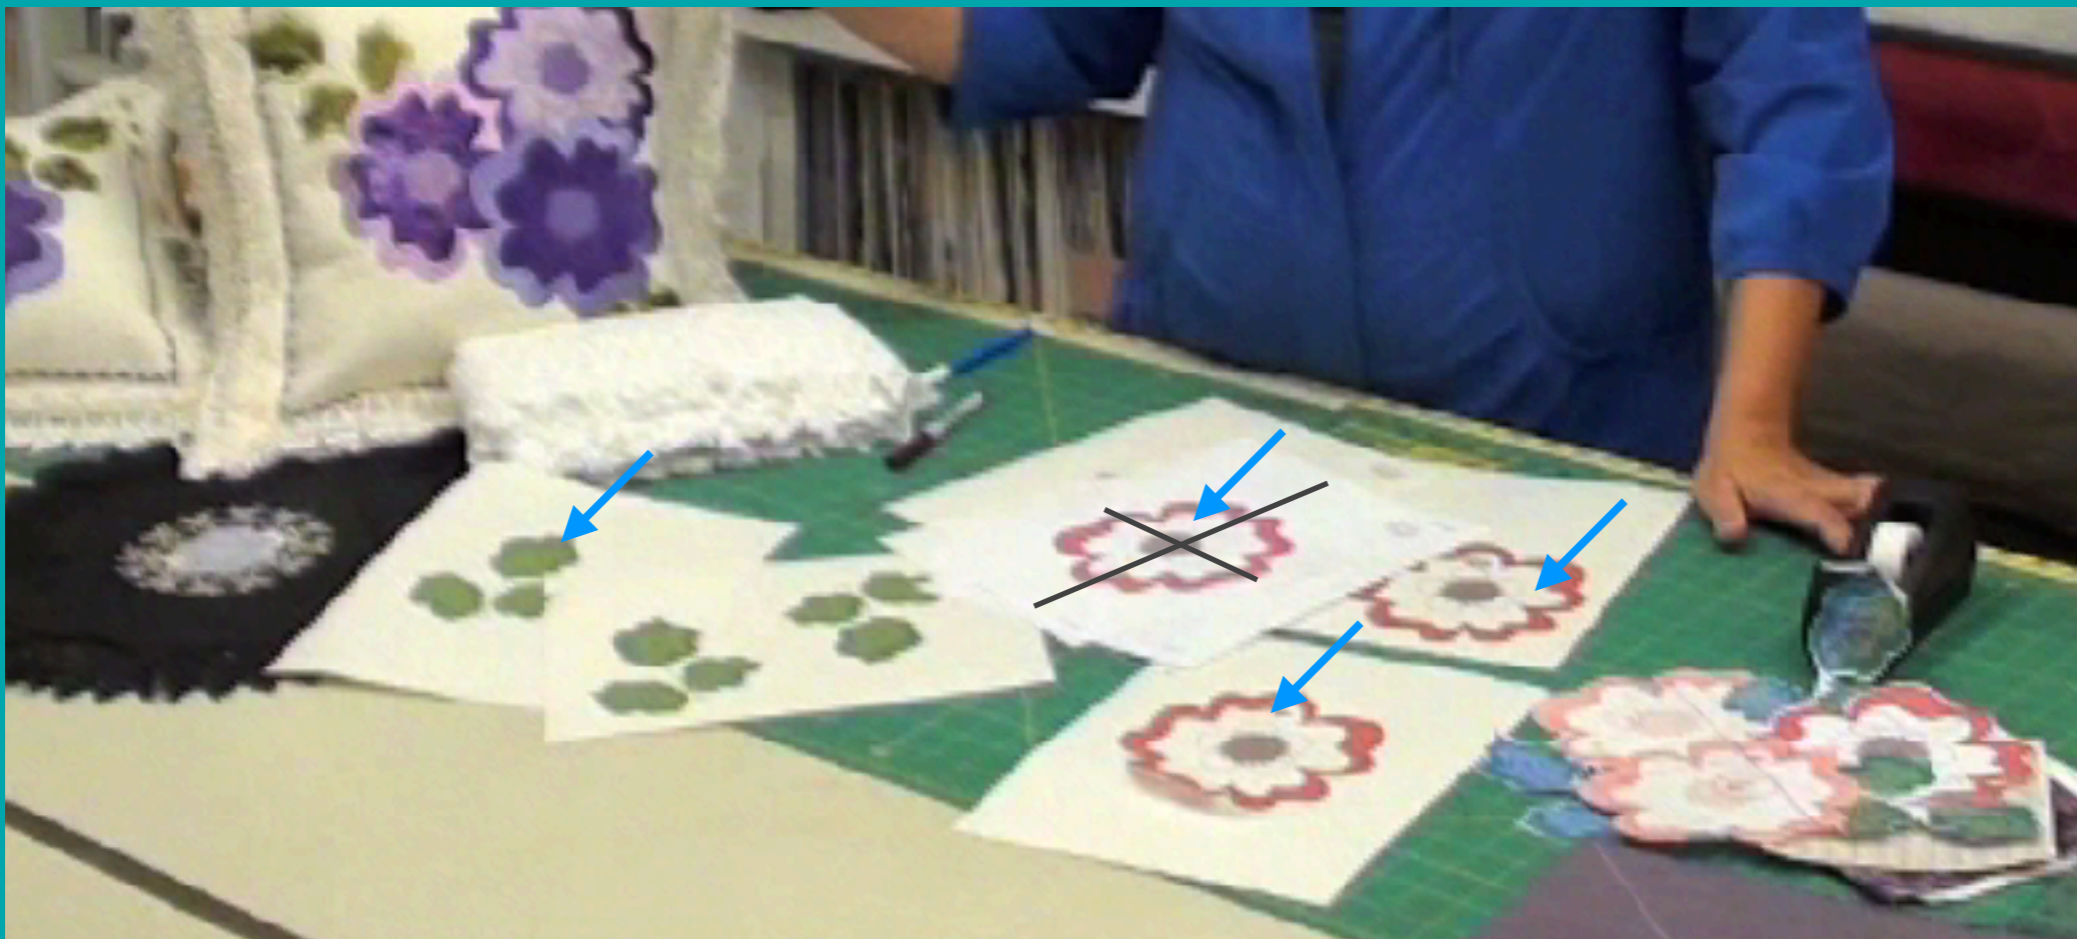

Working With Templates

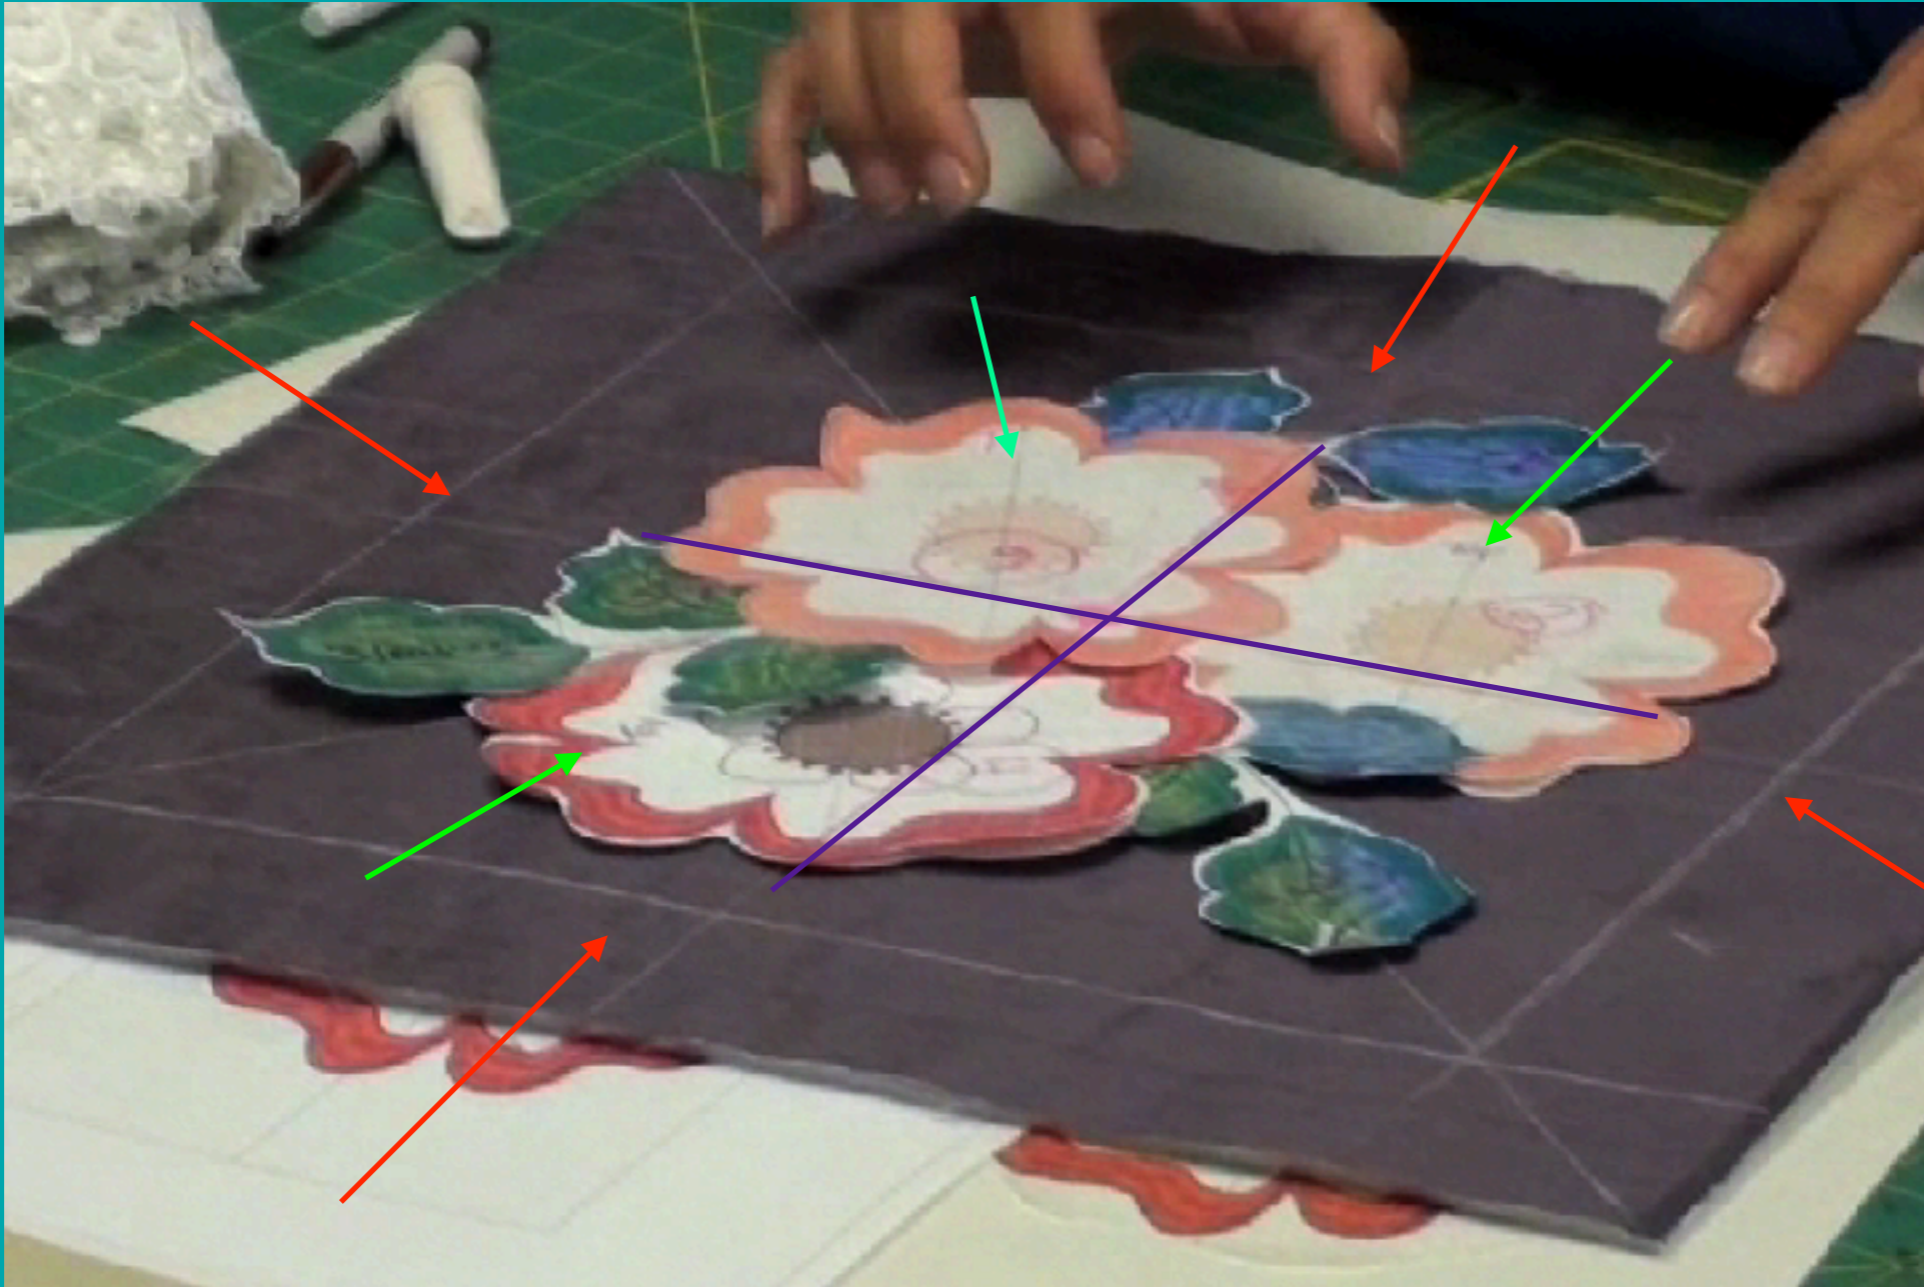

Computer Paper
“Printable Sticky” Template

Each Template will have a horizontal and vertical center mark which we will use for placement

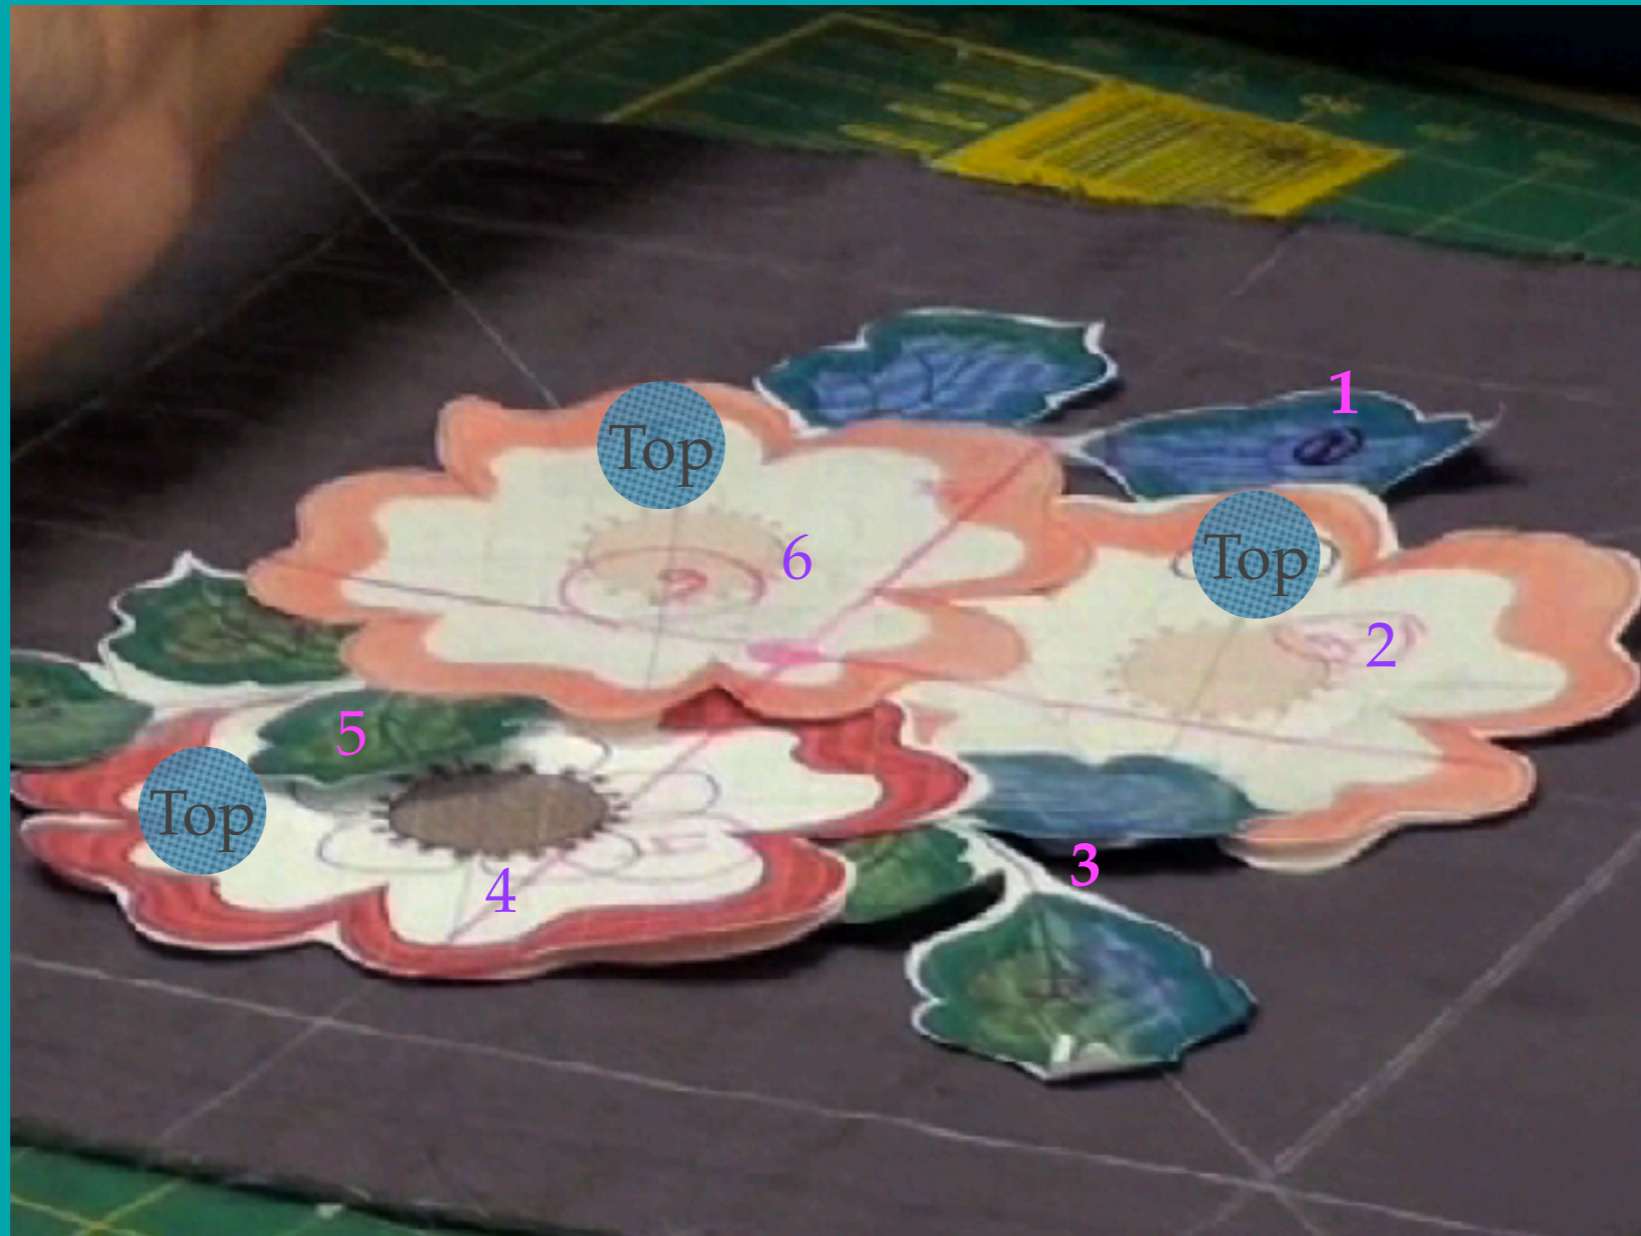

Be sure to mark the “top” of each design also.

Working with Templates Computer Paper

Working with Templates Computer Paper

Working with Templates

- Print everything out on sticky templates
- Using the combined template created with the computer paper arrange the sticky templates to actually create the design

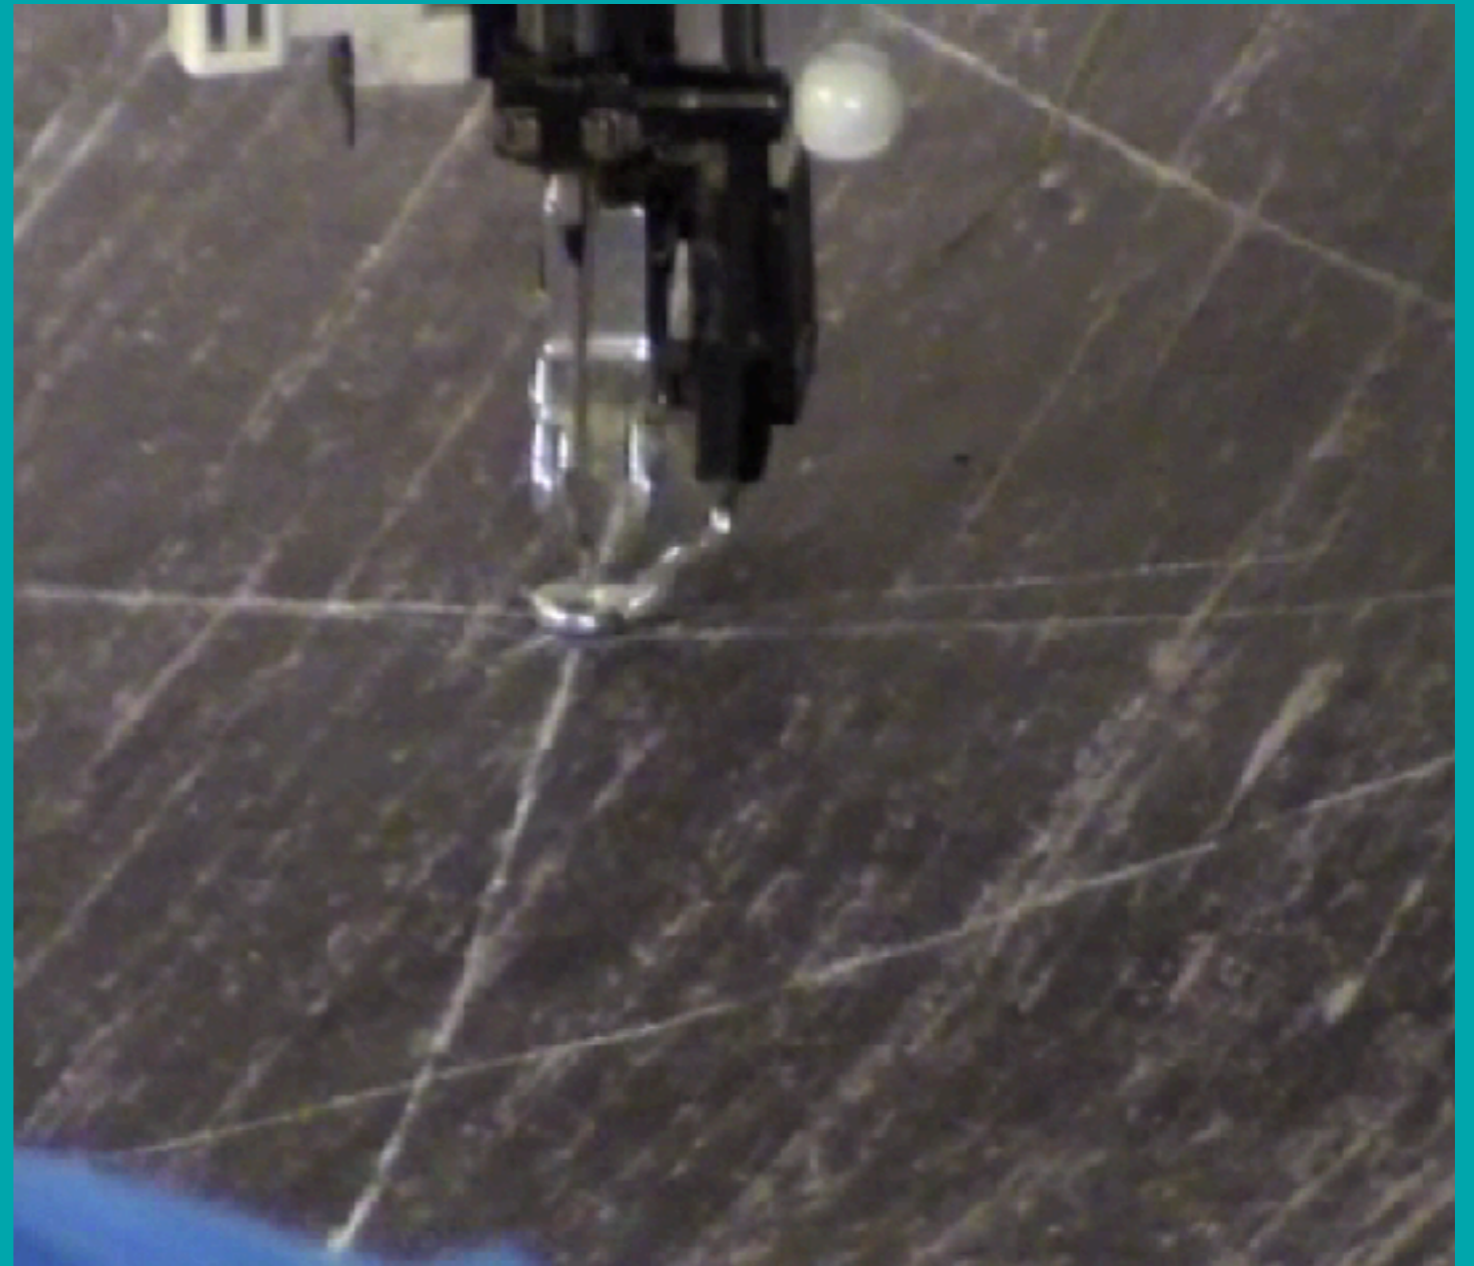

Working with Templates

Printable Sticky Template

1. Center combined templates on fabric
2. Press in place
3. Mark the Center of the COMBINED design using the marks on the fabric
4. Mark the center for the design labeled #1 (the leaves)

Working with Templates

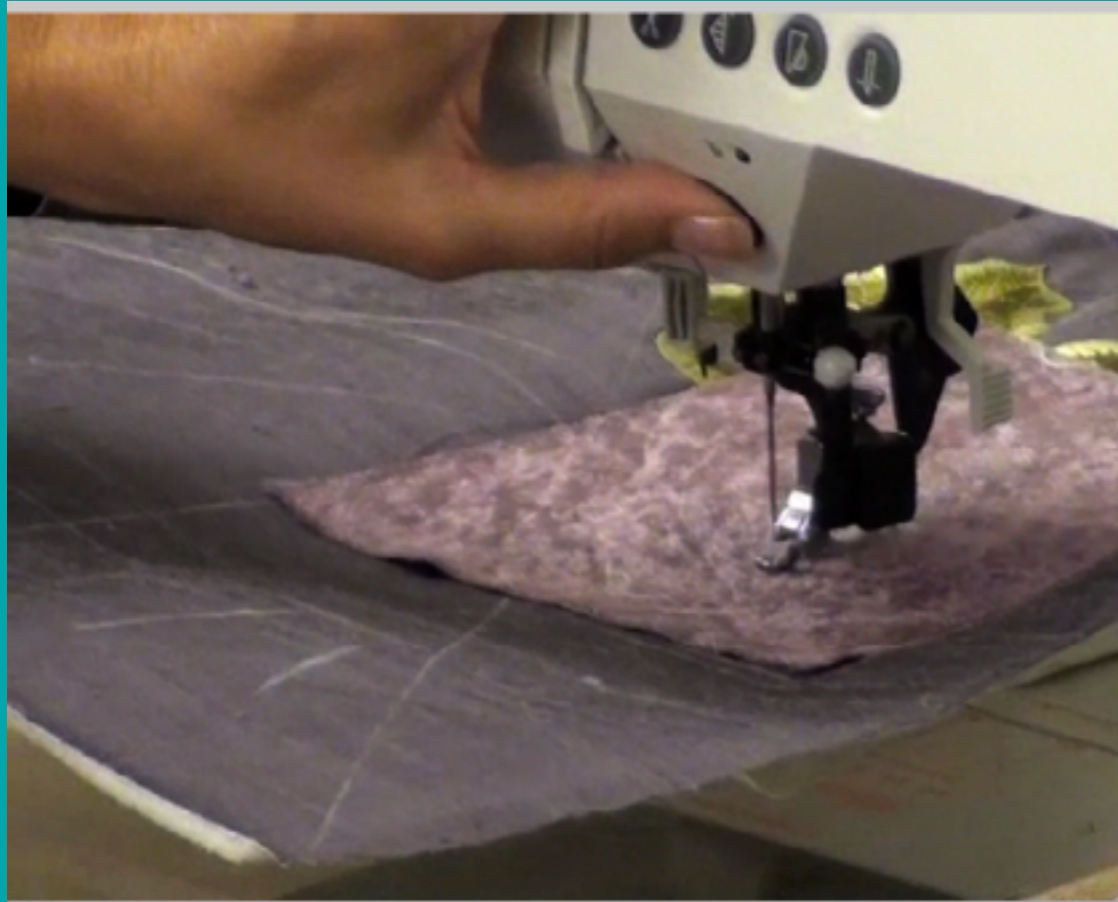

Why remove the template?

Working with Templates

- Put the template back on lining the template up with the stitched out design and the fabrics marks
- Make sure it lines up how you want it to
- Mark for design #2 (Applique' Flower)

Working with Templates

Stitch out color 1
Place the fabric down
Stitch out color 2
Trim away excess fabric

Working with Templates

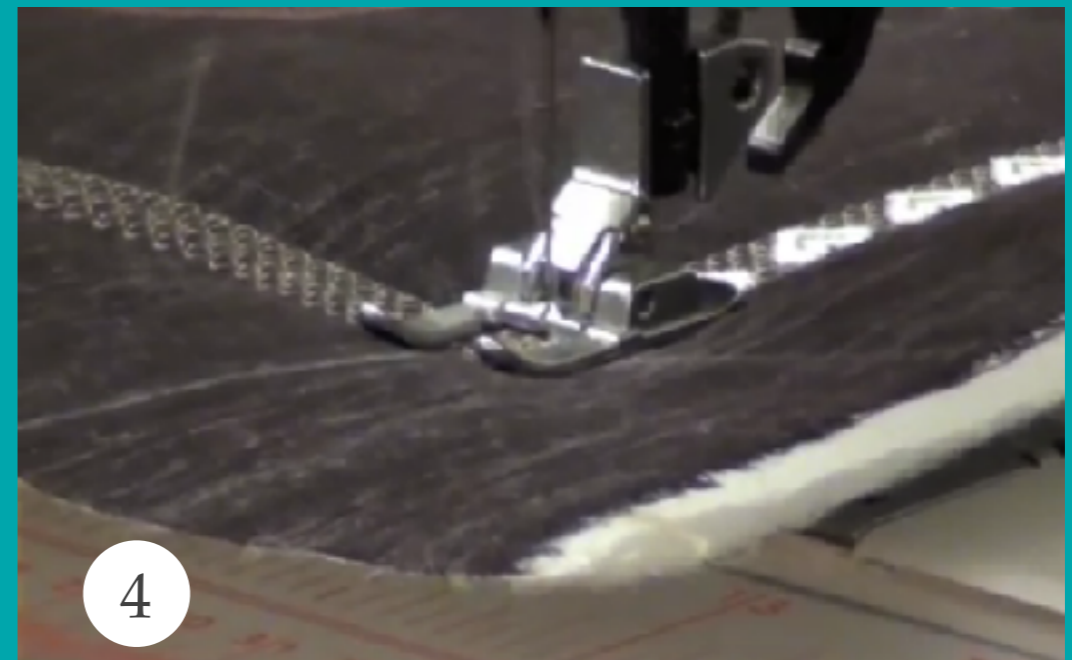

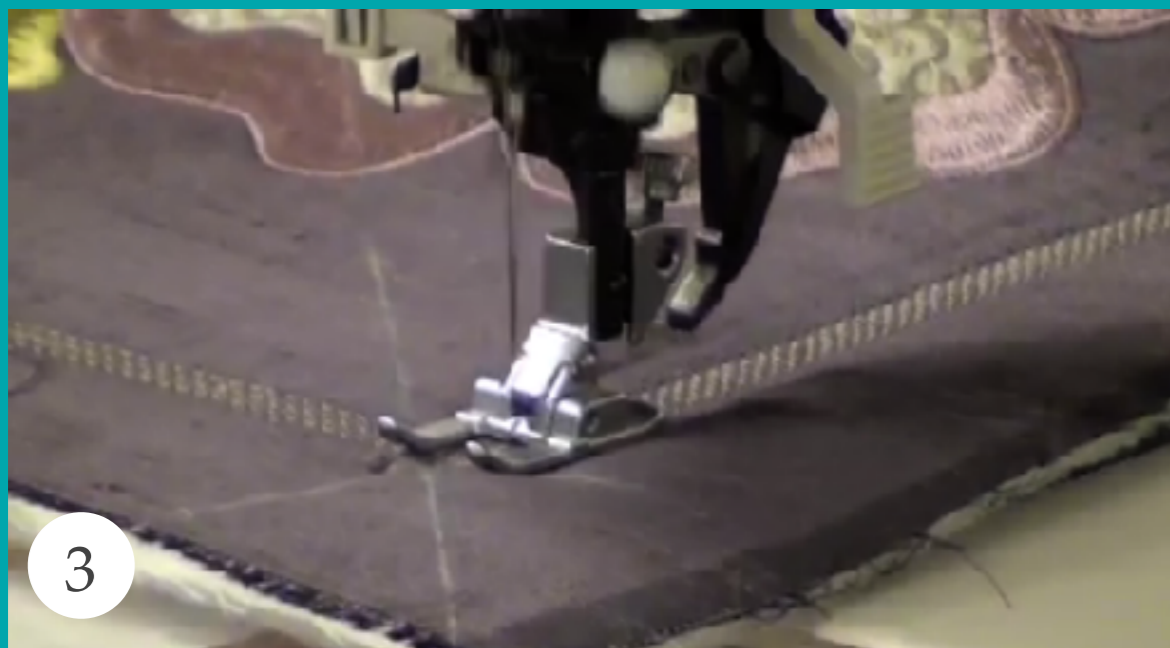

- Continue stitching the designs
- Line up the template each time
- If corrections are needed, rearrange the template so it matches the stitch out and then make any changes necessary

ENJOY THE PROCESS!

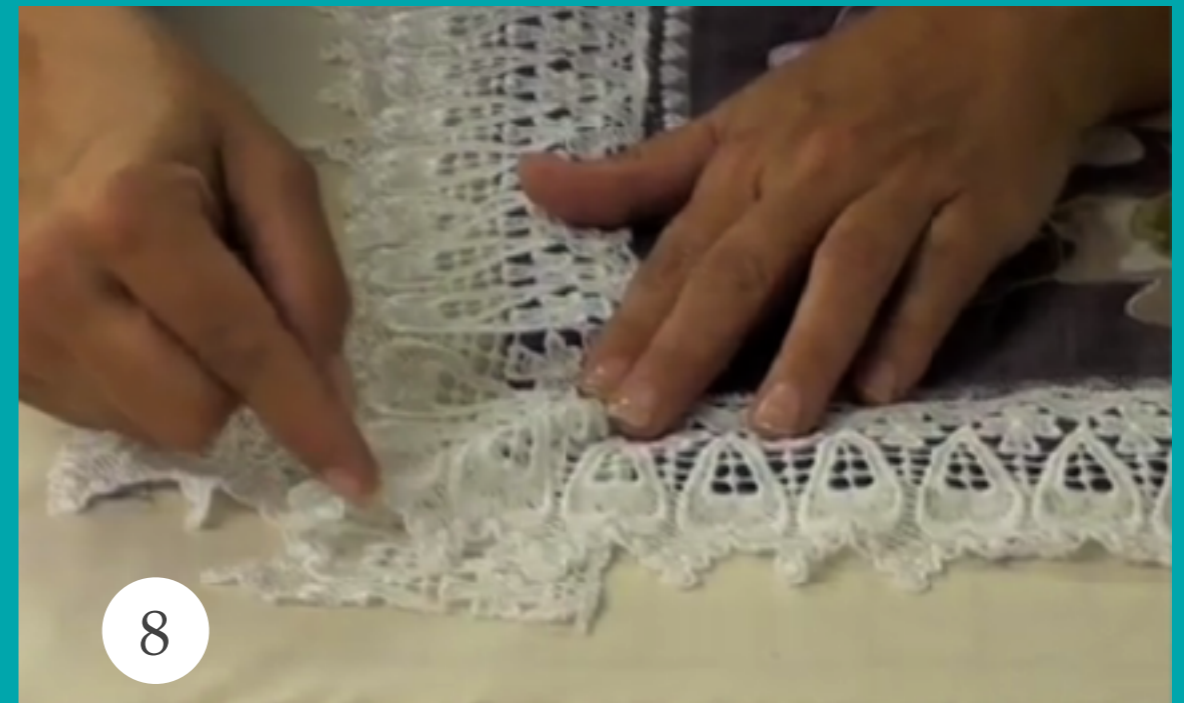

This design is a great design
to build confidence for
multi-hooping
projects
