

*Easter Eggs  
from Silk  
Ties*

# Supplies

- ▶ Silk fabric, silk ties, or silk scarves cut into about 7” squares  
(I purchased ties from Goodwill....they weren't labeled so I needed to “guess” if they were truly silk or not...all mine worked)
- ▶ White fabric to put over the silk, also cut into about 7” squares  
(I used unbleached muslin )
- ▶ Twist Ties, or hair rubberbands to hold the fabric around the eggs.

Wrap your silk around the egg

Wrap the muslin around the silk

Use the hair rubber band or twist tie  
to hold it all in place

Place in a pan of water and bring to a boil.

Boil 15 minutes

Remove the eggs from the water and let cool

**Unwrap and ENJOY!**
